Education

Dr. A.P.J. Abdul Kalam Technical University

Bachelor of Technology in Computer Science and Engineering

Sep. 2023 – May 2027

Kanpur Nagar, Uttar Pradesh

Florets International School

Intermediate

April. 2021 – March 2022

75 Percentage, Kanpur Nagar

Experience

RAZORSE Software Pvt. Ltd.

Software Developer Intern

January 2023 – Present

Ghaziabad, Uttar Pradesh

- Developed a service to automatically perform a set of unit tests daily on a product in development in order to decrease time needed for team members to identify and fix bugs/issues.
- Incorporated scripts using JavaScript to aggregate JSX test results into an organized format and to load the latest build code onto the hardware, so that daily testing can be performed.
- Explored ways to visualize and send a daily report of test results to team members using HTML, Javascript, and CSS.

Projects

Imavatar | CSS3, SCSS/Sass, React Js, TypeScript Git, Visual Studio Code

December 2023

- Homepage Development: Designed and implemented comprehensive homepage layouts, focusing on aesthetics, functionality, and user engagement for a seamless browsing experience.
- Custom Interactive Elements: Developed diverse sliders, dynamic forms, and other interactive features, ensuring an engaging and user-friendly interface.
- API Integration: Integrated APIs to enable real-time data retrieval, enhancing the website's functionality and connectivity.
- Responsive Design Implementation: Created fully responsive websites using Bootstrap, Flexbox, Grid and Media Queries ensuring optimal performance across devices and screen resolutions.
- Routing and Navigation Systems: Set up routing and navigation using React Router for smooth and efficient user flow throughout the application.
- Dynamic Web Application Features: Built complex functionalities, including booking data tables, FAQs, modals, and other dynamic components, delivering a complete and feature-rich web application.

All Home Desire | CSS3, SCSS/Sass, React Js, Git, Visual Studio Code

July 2023

- API Integration and Testing: Integrated 30+ RESTful APIs for property listings, user authentication, contact forms, and buyer/seller interactions using React.js; leveraged Postman to validate and test API endpoints for seamless data flow.
- Dynamic Property Management: Developed dynamic property listing and detail pages, displaying comprehensive information, including buyer/seller contact details, property features, and pricing, to facilitate informed decisions.
- Interactive Contact Form: Designed and implemented a fully functional contact form, enabling users to directly reach out to property sellers or submit inquiries, with seamless data handling and validation through APIs.
- Enhanced User Experience: Optimized frontend performance with lazy loading for property images and dynamic data fetching, ensuring fast page load times and a smooth browsing experience.

Dating Site | CSS3, SCSS/Sass, React Js, Git, Visual Studio Code

- API Integration and User Management: Integrated 15+ RESTful APIs for authentication (signup, login, password recovery), user profile display, favorites management, and chat functionality; used Postman for API testing.
- Dynamic Features and Interactivity: Developed a chat interface, personalized favorites list, and dynamic user listing with seamless API connectivity, enhancing user engagement and functionality.
- Responsive and Secure UI: Built a mobile-responsive and visually appealing interface with secure authentication workflows, intuitive navigation, and interactive elements for an optimized user experience.
